June 2014

NOTICES

Hi Everyone

The next meeting is on **Monday 7th July 2014**

Yesteryear meeting will be **included in general meeting** from now on until further notice.

THE CLUB

Memo to all club members

Due to changes made by the NHMA, 2014/2015 membership /insurance cards will more than likely not be sent out to members till late August – early September.

I need to have all **membership renewals** returned to me **as soon as possible** so I can send a list of current members to the secretary of the NHMA.

The NHMA secretary will then write up a membership/insurance card for each member that is on the list that I supplied to them. The cards are non-transferable.

The completed cards will be posted back to me and then I will put the club name on the card, and then post the cards out to the respective members.

I am sorry for any inconvenience that this may cause to members.

All members please get your forms in now.

Barry Stait. Club Secretary.

Large Engines - the club has been offered these two engines (see below) with the option of buying one or two or none. These engines came from a gold mine at Windeyer. One has four cylinders and the other five. The larger of the two weighs seven ton and is 200hp. Asking price is \$5000 each. This needs to be talked about at the next meeting. Brian Jones (President).

THE LAST WORD

A bloke who owned a Northern Territory Cattle Station and a NSW Farmer were debating on who had the biggest acreage of land. The NT bloke said, "I'll tell ya what mate, my station is so big that I can get in my truck and start out at the western entrance to my place and drive straight east all day and still not reach the eastern entrance". The NSW Farmer scratched his head and drawled "Ya know.....I used to have an old truck just like that".
