Howdi there everyone,

Things are very quiet on the rally front due to the restrictions around this virus situation.... Work on the other hand is busier than expected at the moment.... Maybe pokies being closed isn't such a bad thing.

MB Council have imposed bans on Club Meetings, Club functions, and just about any other social gathering so its all for themselves at the moment.

But this gives us time to work on some projects, its sent the price of fuel down substantially, we can still contact each other via phone, or even in person as long as we are by ourselves and we keep our distances.

On another note, Jack Cox is on the road to recovery and should be all good to go as soon as we are allowed to rally again.

Cheers Jayme

Once again the folks at **Murray Computers** have offered support to our club in the form of printing our newsletters for those who require it.

They have asked that any of us who shop there mention that we are from the LMVEMC so they can see that we support them also.

Id like to see any member who needs office equipment, technology assistance, printing, iPad & accessories, printers (and anything else related) support a business that looks after us & the Community.
