

Hi Ralph

Well here we are in winter - with some important news from the Club Committee

At The last Committee meeting it was decided that club general meetings will be postponed for June and July.

The next general meeting will be held on the 26th of August 2022

Working Bees will however continue on the first Sunday of the month weather permitting.

The last run for the 7 1/4" railway will be on the 26th of June for the Webb's Events day. Volunteers needed

The train will not run for a couple of months after this day as there is track work to be done.
